#### Fitness

- **CROSS-TRAINING: Mon & Wed 4:30-5:30 pm (Bracco)** Cross-training targets the major components of physical fitness: cardiorespiratory, stamina, muscular strength and endurance, flexibility, power, speed, agility, balance, coordination, and accuracy. It is a fitness program tailored to fit the needs of any individual, no matter what fitness level, from law enforcement officers to couch potatoes and everything in-between. **Alison Escalante** is the AMO Plans Registered Dietitian who runs the Health & Wellness program. She is also a certified Personal Trainer & Fitness Instructor. Alison understands the challenges of getting your body into shape and finding the time to exercise while juggling a family and work schedule. She believes in quality over quantity, and enforces a safe workout environment with emphasis on proper form in order to prevent injuries. *More info:* [AEscalante@amoplans.com](mailto:AEscalante@amoplans.com) or call: 800-249-8200 Ext: 7305
- **YOGA: Tue & Thu 4:30-6:00 pm (Bracco)**. Many people think yoga is just stretching. While stretching is certainly involved, yoga is really about creating balance in the body and mind through developing both strength and flexibility. This is done through the performance of poses or postures, each of which has specific physical benefits. Please join yoga instructor **Russell Mamorsky, LMT, RYT** as he helps you achieve unity of body and mind through a uniquely designed series of inspiring yogic postures.
